wavio | GETTING STARTED KIT

Your Wavio Setup Checklist

From sign-up to students tracking their own progress.

8 steps · ~15 minutes · Free for every teacher

1 · BUILD — Your course, ready for students

1 Sign up — 1 min

Go to pulse.mywavio.com and sign in with Google, Clever, ClassLink or email.

- [ ]

2 Try the demo course — optional — 2 min

Open **Getting started** at the bottom right and click **Set up demo course** to see a finished tracker.

- [ ]

3 Create your course — 2 min

Click + next to **Teaching** in the sidebar, or import a course from Google Classroom.

▶ Import from Google Classroom

- [ ]

4 Add your content — 5 min

Add a unit, a lesson, then one or two activities. Paste links and descriptions so everything is in one place.

▶ Creating content ▶ Import materials

- [ ]

2 · INVITE — Students in, in one class period

5 Add a class — 1 min

Click + next to your course: **Add with Class Code**, or import a roster from Google, Clever or ClassLink.

▶ Adding students

- [ ]

6 Get students in — 2 min

On the class **Roster**, show the **Class Code** full screen. Students sign in at pulse.mywavio.com and enter it.

- [ ]

7 See what students see — 1 min

On the Roster, click the binoculars (**View Course as Student**). Tip: add a test student.

▶ Test your tracker

- [ ]

3 · TRACK — The part you'll use every day

8 Start tracking — Every day

Open the **Class Tracker**: see where every student is, who's behind and who needs you next. Group students when you're ready.

▶ Grouping students

- [ ]

? **Need a hand?** Book a 15-minute call, email info@mywavio.com, or click the W chat bubble in Wavio.
